quiets the nervous heart, regulates its pulsations and builds up its strength as nothing else can. Sold by druggists on a guarantee.

APE-LIKE

Africa

vestigation.

A British Scientist Home From Two Years' Research.

London, July 29 .- Sir Harry Johnston, who is home on leave from knowledge of that country as a result of the two years he has just completed there in the capacity of his Majesty's Special Commissioner. He brings first encountered on the verge of the Congo forest.

"I hope," said Sir Harry Johnston, "that the public interest in these matters will not form any exaggerated is confirmed. The ape-like people to whom I refer seem to constitute the underlying stratum of the population of the eastern outskirts of the great Congo forest, from the vicinity of Lake Albert down to the neighborhood of Lake Tanganyika, the western slopes of Mount Ruwenzori, and also, strange to say, on the west slope of Mount Elgon, the extinct volcano which lies about 150 miles east of the Victoria To whom it may concern: Nile. The general characteristics of these ape-like people, who sometimes constitute a tribe of parlahs by themselves, and sometimes crop up as a type in the middle of other tribes, are a dirty yellow skin, a poor development of the back of the head, eyes rather close together, with prominent eyebrows, low and much wrinkled foreheads. The hair is wooly, like that times tends to be brownish in color. The arms are long and the thumbs weak. The legs are a little knockkneed, and are often very short in proportion to the body. In one instance in which I took a photograph

the toes are turned rather inward. "Their stature as a rule is not much, if any, below the average height of humanity. I can only say that in general appearance they do look as Saturday, August 3, has been set I have described them, very ape-like, apart by the authorities at the Pan-American as Midway day, and every effort possible has been made to make respect until the measurements which the day one of carnival and merry. making-gorgeous spectacles and are discussed by a competent authority

way Purposes.

Southern Ohio newspapers are havng all kinds of fun at the expense of the officers of the Erie canal and Transportation Co. This Cleveland concern was organized for the purpose of operating electric cars on the tow path of the canal. At the time of will always carry through any promise or contract which he may make. the organization it was hinted that a passenger road would be operated by the company under the Fordyce grant, the original franchise given by the State. This was emphatically denied by M. J. Mandelbaum and others, interested in the company, and nothing was heard of this alleged prolect until a few days ago, when Southern Ohio newspapers charged questionable means were used in procuring this grant.

The charge was also made that the canal bank would be used as the roadbed for an electric passenger road. Officials of the road took occasion yes terday to enter another denial. They declared that the road would be used for the purpose mentioned in the grant, and for that purpose only. They said electricity for mule power, and that the races Thursday and Saturday with tol for repairs and the work will not the Columbia and Independence. It be finished by race time Thursday. if would be impossible to convert the canal bank into a passenger railroad.

SUNCREST!

Insurance on Their Mr. Sabin Is Making Great Inhabitants of S. WALTER B. PERKINS & CO.

THEIR POSITION IN THE REAL ESTATE WORLD.

They cannot be compared to any Real Estate firm in this section. Their proposition is absolutely unique

The method (following identically the originators) is as new and radical a system of selling real estate as the co-operative banks of Massachusetts and the building associations of Pennsylvania are a departure from the old methods in their lines.

Their business is conducted in an honest, high-class, open, clean, square manner. Every Customer is Treated Honestly and every effort made to effect a steady and continuous

benefit to all who purchase of them. Their Success in Developing Properties has been seldom equalled.

THE INTEGRITY AND HIGH STANDING OF

Walter B. Perkins & Co.

Uganda, is likely to add largely to our Is well known among those familiar with this character and work, but to those who may not know the firm we refer to the following among the many names we are privileged to use:
